FIRST USE 8-1-2017; IN COMMERCE 8-1-2017

CLASS 42: Data automation and collection service using proprietary software to evaluate, analyze and collect service data; Application service provider (ASP) featuring software for use in end-to-end, omni-channel supply chain management; Providing quality assurance services in the field of end-to-end, omni-channel supply chain logistics; Software authoring; Design, development and implementation of software; Development, updating and maintenance of software and database systems; Computer programming and software design; Design, maintenance, development and updating of computer software; Design, updating and rental of computer software; Design, upgrading and rental of computer software; Research, development, design and upgrading of computer software; Design and development of computer software;

Software as a service (SAAS) services featuring software for use in end-to-end, omni-channel supply chain management; Updating and rental of software for data processing; Development of new technology for others in the field of retail store services; Advanced product research in the field of artificial intelligence; Planning, design and implementation of computer technologies for others; Software development in the field of end-to-end, omni-channel supply chain management; Software development and product development in the field of end-to-end, omni-channel supply chain management; Computer services, namely, acting as an application service provider in the field of information management to host computer application software for the purpose of providing end-to-end, omni-channel supply chain solutions; Design, development, installation and maintenance of computer software; Design, installation, updating and maintenance of computer software; Preparation, update, installation and maintenance of computer software; Design and writing of computer software; Quality management services, namely, quality evaluation and analysis, quality assurance, and quality control, in the field of end-to-end, omni-channel supply chain management; Computer software development, computer programming and maintenance of computer software for end-to-end, omni-channel supply chain management; Developing quality control standards for end-to-end, omni-channel supply chain management; Computer services, namely, cloud hosting provider services; Designing, creating, maintaining and hosting online retail and electronic commerce websites for others; Application provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software and web sites of others in the fields of end-to-end, omni-channel supply chain management; Computer services, namely, acting as an application service provider in the field of knowledge management to host computer application software for the purpose of providing end-to-end, omni-channel supply chain solutions; Design and development of computer software for end-to-end, omni-channel supply chain management; Software as a service (SAAS) services, namely, hosting software for use by others for use in end-to-end, omni-channel supply chain management; Cloud computing featuring software for use in end-to-end, omni-channel supply chain management; Quality control for others; Updating and maintaining cloud-based computer software through innovations, enhancements and patches; Software as a service (SAAS) services featuring software for end-to-end, omni-channel supply chain management; Providing temporary use of on-line non-downloadable cloud computing software for end-to-end, omni-channel supply chain management; Computer software design, computer programming, and maintenance of computer software; Providing temporary use of online non-downloadable middleware for providing an interface between software applications, web browsers and computer operating systems; Providing temporary use of non-downloadable cloud-based software for providing end-to-end, omni-channel supply chain solutions

FIRST USE 8-1-2017; IN COMMERCE 8-1-2017

THE MARK CONSISTS OF STANDARD CHARACTERS WITHOUT CLAIM TO ANY PARTICULAR FONT STYLE, SIZE OR COLOR

SER. NO. 87-835,010, FILED 03-15-2018

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*

What and When to File:

- **First Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. See 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.
- **Second Filing Deadline:** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*

What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at <http://www.uspto.gov>.
